

GLS Destination – Saarlouis

Population: ca. 34.200

Why we love Saarlouis: Castle of Saarlouis, Saarlouis´ week with Emmes (festival), Großer Markt

Saarlouis is located in the West of Germany next to the French border and only 45km away from Luxembourg. The town of Saarland is regarded as the regional center of education and trade. Moreover it´s an important site of car industry. Being situated next to the river Saar, Saarlouis also has its cozy side. If you´re interested in international exchange with French flair and appreciate the idyll of a small town, Saarlouis is the right place for you.
